SCHOOL UNIFORM AND SUPPLY REPORT

For the fourth year, DJD Cambodia Ministries has provided school uniforms and supplies to children in villages near Battambang. This project touches DJD's four purposes. It touches the educational purpose by providing children uniforms and supplies so they can attend school. It touches the economic purpose because DJD purchases the fabric for the uniforms and school supplies in the local market. DJD also has hired a manager and ladies to sew the uniforms which provides salary for them to use to meet the physical needs of their families. Most of the uniforms are distributed through village churches. This allows the DJD managers to tell the children and their parents, that because God loves them, there are other believers who love and they are the ones that provide the funds for these uniforms and supplies. Thank you for expressing your love to Cambodian children by supporting this DJD project.

The school uniform and supply project has grown every year. In 2010, DJD provided uniforms and supplies to 50 children in one village, 2011 - 76 children in two villages, 2012 - 256 children in seven villages, 2013 - 500 children in twenty villages and 2014 - 1,000 children in forty locations including one orphanage. Praise God for the opportunity to touch this many lives!
